Minister Conger Says There Is No Change in Pekin Situation.

POPULATION OF TWO CITIES.

(Copyrighted Associated Press.) Shanghal, Sept. 4.-A dispatch announcing that the American government refuses to agree to the withdrawa of troops from Pekin before it is satisfied that satisfaction for the outrages upon and the losses to its subjects is given, are applauded by the entire foreign colony in Shanghai. Any other policy, according to the business men and missionaries, would be a vital blow to the prestige of foreigners. Local English papers flercely denounce the proposal of the evacuation of Pekin, and say the Chinese would interpret the evacuation as a defeat. The masse of the Chinese now believe that the

Chinese arms are victorious. The European community contines to demand the destruction of Pekin and the exemplary punishment of the officials, deeming indemnity and paper promises of new treaties inadequate. Undoubtedly information in detail of the massacres of foreigners daily re-ceived inflames his sentiment.
